DETAILED ACTION

Specification

1. The amendment filed 12/14/2004 is objected to under 35 U.S.C. 132 because it introduces new matter into the disclosure. 35 U.S.C. 132 states that no amendment shall introduce new matter into the disclosure of the invention. The added material, which is not supported by the original disclosure, is as follows: the reference to US 1,043,282 and DE 24 47 613 on page 7, lines 1-2.
2. Correction of typographical errors is not considered new matter if one of ordinary skill in the art would recognize the existence of the error and the appropriate correction. MPEP 2163.07. The reference to US 1,043,282 and DE 24 47 013 may be a recognizable obvious error, but one of ordinary skill in the art would not recognize the appropriate correction.
3. An amendment to correct an obvious error does not constitute new matter where one skilled in the art would not only recognize the existence of error in the specification, but also the appropriate correction. In re Oda, 443 F.2d 1200, 170 USPQ 268 (CCPA1971).
4. Applicant is required to cancel the new matter in the reply to this Office Action.
5. Applicant is reminded that a statement requesting continuing examination of application is not necessary when application is a RCE, and thus statement must be deleted.
6. The Examiner has considered the Information Disclosure Sheet filed 12/14/2004.

Art Unit: 1755
